

Supplementary Figure S1. Examples of each detailed area (B-line, consolidation, pleural thickness) in the scoring system used in this study.

B-line score	Consolidation score	Pleural thickening score
<p>0 points For each area with normal A-, B-line</p> 	<p>0 points For each area with absence of consolidation</p> 	<p>0 points For each area with absence of irregular/thickened pleural line</p> 
<p>1 points For each area with pathologic B-line (<5)</p> 	<p>1 points For each area with present of consolidation</p> 	<p>1 points For each area with irregular/thickened pleural line (<2 mm)</p> 
<p>2 points For each area with pathologic B-line (>5)</p> 		<p>2 points For each area with irregular/thickened pleural line (>2 mm)</p>
